NOTICE TO USERS OF PUBLIC ROADS.

Section 434 of the Revised Statutes of Ohio provides for penalties and fines for hauling burdens of more than 3400 pounds, including weight of vehicle, on tires less than three inches in width, and provides for weight to be fixed by County Commissioners for greater width of tires. The County Commissioners have therefore fixed, by resolutions, the following allowable weights:

Tires 3 to 4 inches in width, 3600 pounds.

Tires over 4 inches in width, 4800 pounds.

Including weight of vehicle in each case. The penalty prescribed in said Section provides for a fine in any sum from \$5 to \$50, and imprisonment until paid.

By order of the
County Commissioners,
of Greene County, Ohio.

Tax Law Is Given Jolt.

The one per cent tax law as passed during Gov. Harmon's administration has been given a jolt by the Supreme court in that the levy can exceed the 16 mills when the interest and sinking fund must be cared for.

The Herald has always stood for the principle of tax limitation and particularly the one per cent plan but as the law had many defects and unjust sections we are glad it has been upset in the hope that some of these defects will be remedied.

Even though the cities are endeavoring to remove the limitation we feel that Gov. Cox, who has firmly stood by the one per cent idea, will not permit unjust legislation and burden the tax payers under the present high valuation of realty as well as public service corporations.

The Smith law has been a detriment to the school districts, and the villages from the fact that these taxing districts were at the mercy of a commission composed of the county auditor, prosecutor and mayor of the largest municipality. In some communities the counties have been injured by a combination of the commission members. In other places the cities have been denied what was due by the combination of the prosecutor and auditor. But in most every county the school districts, and the smaller municipalities have suffered in not being granted the amount the law allowed them. It is hoped that Gov. Cox will use his best effort to get these taxing districts representation or secure compulsory legislation in granting the levy.

Under the Smith law the only way that school boards and councils could get the necessary funds was to issue bonds, become heavily indebted, and allow the business to be transacted through the trustees controlling the interest and sinking fund. There is no honor whatever in a village having to do business that way and we hope that Representative Anderson and Senator Broadstone will lend their aid to some relief for the schools and the villages.

The general public favors the one per cent tax plan but the method of distribution is far from satisfactory. We would like to see the Governor veto the dropping of the state levy and make each county a tax unit. By doing this and inaugurating a more complete system of bringing out personal property the one per cent tax will yield sufficient revenue in most every taxing district.

Lost—Wool lined glove. Will give reward of \$1.00 for return to this office.

THEATRE NOTES.

"The Little Millionaire," George N. Cohen's musical comedy, will be the attraction at the Fairbanks theatre the night of Feb. 3. The play is said to be full of the Colma dash, songs that linger in the memory and a galaxy of girls that know how to sing and dance. The company is practically the same that appeared in the New York production, except that the part played there by Mr. Cohen is taken by Charles King, formerly one of the famous team of King and Breece, vaudeville headliners.

The night of Feb. 5, the patrons of the Fairbanks will have the opportunity of seeing one of Mori H. Singer's best musical comedies, "Miss Nobody From Starland." There is just a hint of a plot threading its way through the play, but it suffices admirably for the presentation of a series of singing and dancing novelties which give the comedy its brilliant color. There are no dull moments in "Miss Nobody From Starland." The action of the piece continues at such a pace that there is no possible chance for the interest of the audience to flag.

Miss Fritz Scheff in a new opera, "The Love Wager," said to be her offering in the past five seasons, will be seen at the Fairbanks theatre the night of Feb. 6. Miss Scheff appears as Mitzi, the fourth daughter of a Hungarian family, who makes a bet with a handsome lieutenant to induce him to marry off her three older sisters so that she can be eligible to receive matrimonial proposals, in accordance with the Hungarian customs. The book is by Edith Ellis and the music by Charles J. Hambitzer, George Anderson and Charles Gallagher are in the excellent supporting cast provided by Joseph H. Gates.

One of the successful women playwrights, Geraldine Bonner, assisted by Huteson Boys, has written a new play, "Making a Man Of Him," which will be presented at the Fairbanks theatre on Feb. 7 and 8, with a matinee Saturday, with Miss Eva Lang in the principal role.

"Making a Man Of Him," has no triangular phase, in fact it has no added corner and thus it becomes a stage quadrangle. As "Doria Joyce," Miss Lang's part is that of a strong, lovable woman, in whose heart the mother love is awakened before its time by her responsibility for a younger brother.

FIRM'S GREAT SALE.

The well known dry goods firm of Hutcheson & Gibney, Xenia, just last week celebrated fiftieth anniversary of their business career, making this firm one of the oldest in the county. Not only has the firm celebrated an anniversary unusual in trading history but the past year recorded the largest sales for the concern. The firm extends thanks to the many patrons.

NOTICE OF APPOINTMENT.

In the matter of publication of the notice in the estate of Daniel M. Dean, deceased.

Notice is hereby given that the undersigned has been appointed and duly qualified by the Probate Court of Greene County, Ohio, as executor of the above named estate. All persons indebted to said estate must make immediate payment; those having claims will present them for settlement.

Edwin Dean
Robert B. Patton

Miss Margaret Stahl, who will appear in Cedarville at the opera house on Monday evening, Feb. 10, under the auspices of the Citizens' Lecture Course committee occupies an enviable position on the American platform. She has a charming personality and is fitted by nature, training and experience to portray humanity. Her programs are varied, including plays, monologues, impersonation and character studies.

The next meeting of the Greene County Teacher's Association will be held at the McKinley Building, Xenia, O., Saturday Feb. 8th. An excellent program has been arranged. Come prepared to take part in the discussions in the Departmental meetings.

Ruth E. Barnes, Secretary.

The real estate firm of Smith & Collins Thursday sold the Raper Baker farm of 140 acres to Mr. John Turnbull. The farm was owned by the heirs, Mrs. James Chew, Xenia and Mrs. Frank Wickersham, Denver, Colo. Mr. Curry McElroy has the farm rented and his lease went with the farm.

The second semester of Cedarville College for the year opens Tuesday, Feb. 4 in the Chapel at 9:30 a. m. Rev. C. M. Ritchie, Ph. D., pastor of the Clifton U. P. church will deliver the address. All are cordially invited.

Clifton U. P. Church Chimes.

The way to congregational prosperity is by seeking God's blessing on consecrated personal energy.

Mrs. Tobias spent the past two weeks visiting her sister at Tippencanoe.

Wanted! 149 Mem. Women and Children and you to attend our Sabbath School next Sabbath morning.

A series of sermons to the Young People will be preached by the Pastor during the month of February, which no one can afford to miss. Beginning with the first Sabbath of February the subjects are:

Feb. 2. A Fixed Purpose. Getting down to business.

Feb. 9. A Definite Choice. Finding my Place in Life.

Feb. 16. A Life Vision. Having Eyes to Really See.

Feb. 23. A Question of the Ages. Enlisting with Christ.

Be sure and attend and bring your friends.

Mr. Wallace Rife will lead the Christian Union Sabbath evening.

"Heaven is at the mountain top, and the only way to reach it is to follow the trail which the Divine man has made."

Mr. Henry Kyle the Senior member of our Session, is enjoying his usual health, but is unable to attend church these chilly days.

The presence in our Sabbath School of whole families both parents and children is very encouraging.

"The blessings of civil and religious liberty are ours today because of the religion of Jesus Christ."

If we take the church out of this country, and all that it stands for, and the influences which have their inspiration in the church, property would depreciate. Schools would crumble to ruin, colleges and charitable institutions would decay and the rights of man would soon be disregarded. Our readers would not today live in any land where the gospel of the Lord Jesus is not respected; they would not invest their money there; they would not remove their families there to be trained and educated. It is Christianity that has caused men to respect the lives and property rights of others."

Rev. C. M. Ritchie, Ph. D., will deliver an address to the students of Cedarville College at the opening of the second semester.

B. A. Rooster of the men and women Bible Class by your attendance next Sabbath.

"Show your love for the house of God by the things that you do for it. A light under a bushel is of no use in a dark world."

Mr. Fred Harris and brother are attending the O. S. U. Agriculture School. Fred, who was home on a visit last week attended church Sabbath.

Mrs. Harris who has spent the past two winters at San Antonio, Texas is spending this winter at home.

The Prayer Lists are coming in each Sabbath, if you have not already done so, please hand yours in next Sabbath.

"United effort means unlimited success."

Miss Agnes Kyle of Springfield visited Miss Nello Waddle last week.

Not efforts, but results are what count in church building.

Bancroft's 63rd annual fur clearance sale opens Saturday, Feb. 1st.

The mild winter has had just the effect on the fur trade you common sense tells you it would have and the result is we never had anything like so large an assortment at this time of year.

You benefit because it forces us to make deeper cuts than ever before. There is scarcely anything in popular or even in rare and unusual furs you cannot buy at a saving so great as to be almost beyond belief. Fur coats, muffs and neckpieces as well as men's fur caps and fur lined overcoats all go down in the crash.

Right here let us say we stake a reputation we've been sixty-three years in building on the absolute honesty of every reduction. This is one store that hopes the present Legislature passes the proposed law making it a crime to misrepresent either the quality or price of an article in an advertisement.

Fur muffs or neckpieces as low as 65c full length fur coats \$14.90; matched sets \$1.35; men's fur lined overcoats \$27.50, etc. Even the finest furs in this greatest fur store in Central Ohio are out without mercy. It will pay to supply your fur needs for years to come.

INTERNATIONAL SUNDAY SCHOOL LESSON

(By E. O. SELLERS, Director of Evening Department The Moody Bible Institute of Chicago.)

LESSON FOR FEBRUARY 2.

THE FLOOD.

LESSON TEXT—Genesis 6:5-12, 7:1-24. GOLDEN TEXT—"The wages of sin is death, but the free gift of God is eternal life in Christ Jesus our Lord." Rom. 6:23 R. V.

The first great fact recorded in the book of Genesis is that of Creation, which may be divided into several lesser facts. The second great fact is that of the Fall, which began with the temptation and ended with the exclusion from Paradise. In this lesson we come to the third great fact, the Flood, the account of which embraces the fifth to the ninth chapters. Chapter five gives the Noah's genealogy; six, the history of the building of the ark; seven, the occupancy of the ark; eight, Noah's departure from the ark; and nine, God's covenant with Noah.

In this lesson sin flourishes like the proverbial green bay tree. "Every imagination of the thoughts of man's heart was only evil continually," v. 5. These thoughts were crystallized into the lives of men, for we read that "the earth was filled with violence." Viewing this awful development of sin, God was so deeply grieved in his heart that he turned aside (repented) from his plan and purpose thus far, to a determination to destroy man (v. 7). Noah, however, found grace in God's sight, as we see from v. 9, even in the midst of these adverse circumstances. Environment is powerful but not all-powerful, and it is never a match for God's grace. We must not gather from this verse that Noah was faultless, but rather that he sought to conform his life to God's will and not to the standards of those among whom he dwelt. Noah gave himself to a whole-hearted service to God. We are told that the foundation of Noah's salvation before God was his faith. Heb. 11:7, like his great grandfather Enoch, he had "walked with God" (5:24). Noah stood absolutely alone and was thus thrown upon companionship with God, compare v. 9 with 1 John 1:3.

Given Due Warning.

God could no longer endure the state of men, their iniquity was full, therefore God determined to destroy them. He did not, however, cut them off, for we read that they had 120 years' announcement of the coming of the flood (v. 12). Time enough in which to repent. They also had a faithful preacher to warn them during this time, 2 Peter 2:5. But their apostasy was complete and they would have none of God's mercy nor heed his warning. Prov. 24:1. Noah's obedience as he built the ark was a reminder of the impending flood.

The ark was a flat-bottomed chest 450 feet long, 75 feet broad and 45 feet deep, built of cypress (gopher wood) and coated with pitch. Under the eaves of the roof was an open space for ventilation and its three decks were divided into compartments.

As to the "eight souls" (1 Peter 3:20) who entered the ark we need to remember that usually children and servants are understood without mention in such enumerations. We are not to infer that of all created animals two of each entered the ark. The flood certainly was not universal and hence such a miracle was uncalled for.

Race Swept Away.

At last the flood arrived at the exact moment prophesied. Its cause seems to be twofold, a subsidence of the ground and a downpour of rain. The Euphrates valley where this event took place fills all the necessary conditions. Subsidence would allow an inundation from the sea. Such an inundation took place in 1911 in the Yangtze valley and another in 1901 rendered more than a million people homeless; the water rising from 60 to 90 feet. All that the account demands, however, is that a corrupt race was swept away and that God saved his righteous servant and his household. It is the privilege of every believer in God to save his household. See Acts 16:31, 2; 1 Cor. 7:14.

The only way God could insure the purity of the race was to destroy irretrievably the impure.

Skeptics have read into the story of the flood much extraneous matter. Some have sought to prove that because nearly every race under the sun has a flood tradition therefore the writer of Genesis is merely passing on a "Babylonian tradition." It is far more reasonable to believe that these traditions are corrupted forms of the true account found in the Bible.

Cut Your Seed Bill in Two== An Excelsior Will Do It

How much seed do you sow to the acre? Most farmers that haven't an EXCELSIOR Alfalfa and Clover Drill use 15 to 20 pounds to the acre. Farmers that have operated an EXCELSIOR generally buy 6 to 9 pounds of seed and secure a good catch, because ALL of the seed is put IN the ground, evenly, accurately and not too deep, and in furrows only 4 inches apart, thus insuring a maximum tonnage to the acre.

Your yield of wheat will be increased also from 3 to 7 bushels to the acre through proper cultivation. The discs on an EXCELSIOR are turned to a very slight angle, no damage done to the tender tap roots of wheat or timothy plants.

The original and only practical drill. Call and see us. Look the EXCELSIOR over, you will then understand why it will pay you to purchase now.

Mr. D. H. McFarland visited in Dayton the first of the week.

Rev. H. C. Foster, of Clifton, who went to Erie, Pa., to accompany his son, Wendell, home after a long sickness with typhoid fever, has returned. The many friends of Wendell will be pleased to know that he is greatly improved.

Mr. Hugh Grindle and wife entertained the following persons at dinner Sabbath: Mr. E. Whalen, Springfield, Ruby and Lilla Hall, of Clifton, Mr. and Mrs. Hugh Marshall and Mr. Fred Marshall and Miss Pauline Grindle.

Miss Mae Corey, of near Clifton, who has been sick with scarlet fever has fully recovered and has returned to her position at the County Children's Home.

Mr. George Jeffrey resigned his position at the paper mill and has accepted a position as engineer at the shoe factory in Xenia. He will reside in Xenia in the near future.

The Pennsylvania Railroad Company has just completed a new station in South Charleston. A report is given out that the company is already having plans drawn for a new station in Xenia. There seems to be no indication when Cedarville will have the honor of having a decent depot.

Congressman Denver has secured an appropriation of \$70,000 for site and a government building in his home town, Wilmington, Xenia's money will soon be available. The site was purchased two years ago at the corner of Collier and Main streets.

The college basket ball teams, both boys and girls came home Thursday night from Wilmington with colors flying and jubilation over two well earned victories. The boys won by a score of 29 to 30 and the girls by 6 to 20. The Wilmington boys play here next Friday night and an exciting game is assured.

A vote is now being taken by 30000 union firemen on all railroads in the Eastern division as to a strike. As the Pennsylvania lines are affected it may be that service through here will be crippled in case of a walkout. It isn't likely that the engineers would serve with non-union firemen and the whole service would be tied up. Only a few months ago the engineers voted to strike but the matter was adjusted between the union and railroad officials.

The readers of this paper will be pleased to learn that there is at least one article to show that Quinine has been able to cure in all its stages and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that we will pay one Hundred Dollars for every case that it fails to cure. Send for list of testimonials.

not keep longer. Every autumn he
 has a large number of small
 collar, where there is no artificial heat
 baskets of various varieties of grapes;
 says a writer in Green's Fruit Grower
 I do not expect the Worden, Concord,
 Delaware and Niagara to keep long
 therefore I consume them first. After
 the first of September the Niagara
 is a fairly good keeper, but which
 shrivels up considerably. Barry has
 kept well with me this season. Gaertner
 nor, a red grape, has kept perfectly
 up to Thanksgiving.
 Mills, a black grape with very large
 clusters, is the best keeper of
 all that I have tested, being in per-
 fect condition on Thanksgiving day.
 I hear of many methods of keeping

grapes through the winter, but I have never succeeded in doing so in my ordinary fruit room. The grapes must not be placed in plies in baskets or boxes. With me they do the best in a box of straw, and the straw must be wet another they are inclined to rot. Some people cut off portions of the vine with clusters on it and place the ends of the vine in a bottle of water and report good results in keeping the grapes fresh from the stem to the berry one end of each stem of grapes in a bottle of water, but when the water evaporates it must have attention, therefore this is rather an expensive method. The Catawba has been found to be the hardiest of the bunch of the hardy northern grapes. The Catawba, and even the Delaware, are kept, as I assume in cold storage, and put on the market in western New York all through the winter, but I have never seen any of the grapes, except even the Catawba in prime condition for the holidays.

For Not Reading a Daily Newspaper—Ohio State Journal's Tenth Annual Bargain Offer Will Be in Effect During the Month of January—Only Two Dollars for One Year's Subscriptions.

Newspaper readers, residing on rural routes and in small towns, where The Ohio State Journal is not represented by a news agent, will again have an opportunity to secure one year's subscription for only Two Dollars.

The management of The Ohio State Journal has announced that the Tenth Annual Bargain Offer will be in effect during the month of January. At no other time of the year can a subscription to this popular daily newspaper be obtained for a less price than twenty-five cents a month, or three dollars a year.

During the past few years The Ohio State Journal has enjoyed a wonderful growth in circulation. It numbers among its patrons Democrats, Prohibitionists, Republicans and Socialists, all because its one aim has been to give the news impartially and truthfully. The editorial page is conceded to be the most ably edited in the United States, and the editorials are not only admired, but endorsed, by all who read them. Colonel Wilson, the editor, undoubtedly has a larger following than any other

writer in this section.

"For the reason The Ohio State Journal is the only morning newspaper published in Columbus or Central Ohio, and the only newspaper from that section reaching rural route readers on day of publication, it has a big advantage when it comes to supplying rural route patrons with the news. Farmers want an up-to-date news service and are not contented with the delayed service obtained through the medium of afternoon newspapers, which come the next day. Much of the important news occurs in the afternoon, or during the night, and only a morning newspaper is in position to present such news to rural route readers in a prompt manner.

Written in the past few months. The Ohio State Journal supplied its rural route readers (twenty-four hours in advance of afternoon newspapers, dated for the next day) with such important news as Roosevelt's announcement that he would be a candidate for a third term; the death of Judge Price of the supreme court; the verdict in the Senator Andrews bribery case; the Titanic disaster; withdrawal of Judge Dillon, as Republican nominee for governor; the attempted assassination of ex-President Roosevelt, and the death of Vice President Sherman.

Arrangements have been made for the sale of many copies of this at this office and we will see that it is filled. If you do not desire to do this, the subscription may be sent direct to The Ohio State Journal, Columbus, O. The Bargain Office closes at midnight, January 31.

BEGINS

Thursday, Morning Feb. 6
